7.	On 25 February, the Panzer Kasemae in Spremberg was only lightly	
	occupied. Motor vehicle was identified in the billeting area. The following observations were made on the auto-	25X1
	bahn Cottbus-Perlin: 10 JS-3 tanks	25X1
	and motor vehicle stood at the sutobahn exit of Haehnchen, headed toward Cottbus. There was traffic of columns from Vetschau in the direction of Perlin. The vehicles	25X1
	with field kitchen and they drove with their lights out. Sentries with signal lamps directed the traffic at the approach to Vetschau, where the autobahn branches off to Fresden, and at the exit to Dabon. A convoy of 75 trucks, some with lights out, carrying troops with	25X1
	fuel field pack moved along the autobahn between Freiwalde and Duben in a southeasterly direction at about 12 p.m. They included vehicles  A small convoy which included vehicle was seen on the Cottles-Vetschau road, with the lights out.	25 <b>X</b> 1
1.	Comment. On 17 Jenuary, a unit of the 64th Gds Hv Tank SP Regt	25 <b>X</b> 1
	of the 6th Cds Mecz Div was entrained. The shipment was identified when it passed through Dresden the same day. The	25 <b>X</b> 1
	unit is assumed to have been transferred to Koenigsbrueck for combat firing practice and to have possibly returned to the post on 28 Janu-	
	ary.	25 <b>X</b> 1
2.	Comment. Units of the Can Gds Mecz Div from Wurzen made practice marches near the military post on 10 and 11 February.	25 <b>X</b> 1
	Units of the division from Grimes and, allegedly, also from Wurzen, occupied a samp south of the town in Klosterholz Forest after	0EV4
	of the 6th Arty Div from Fatheriou were shipped to Grimma on two trains.	25 <b>X</b> 1
	On 17 and 18 February, the 64th Gds Hv Tank SP Pegt from Leisnig, to which belong the armored scout cars and motorcycles in the Busche Kaserne, as well as the 358th Gds AAA Regt and the unidentified RL	
	hattalion from Leisnig also moved out. It is believed that the	
	field exercise, at least, extended as far as the area of Wermsdorf Forest, possibly, however, as far as Riesa, from where elements of the division returned to their quarters on 21 February also by rail.	
	It is believed that, except for the troops from Leisnig, also units	
	from Grimma were involved in the exercise, as tank observed with the tank shipmen's in Riesa was identified in Grimma	25X1
	in January 1053. The units of the 65th Fort Brig , too, were	25 <b>X</b> 1
	loaded in Riesa on 20 or 21 February and shipped to Fathenow. The exact data on weapons confirm the 358th Gds AAA Fegt and the unidenti-	
•	fied rocket launcher battalion of the Fth Gds Mecz Div in Leisnig until 17 February 1953.	
3.	Comment. The column traffic was made exclusively by the Eighth Gds Army.	25X1
